OFFICE OF ADMINISTRATION

RE: Freedom of Information Act Request  
FOIA Control No.: 18-FI-HQ-00218

Dear Mr. Evers:

This letter is an interim response to your Freedom of Information Act (FOIA) request dated and received on November 2, 2017. The FOIA request is currently the subject of litigation you filed in U.S. District Court for the District of Columbia, *American Oversight v. U.S. Department of Commerce, et al.*, Civil Action No. 18-0534. You asked for copies of all calendars or calendar entries for any of the following individuals employed by the Department of Housing and Urban Development between the date of January 20, 2017, to the date a search is conducted, including any calendars maintained on behalf of these individuals (e.g., by an administrative assistant or a scheduler):

1. Secretary Ben Carson.
2. Pamela Hughes Patenaude, Deputy Secretary.
3. Sheila Greenwood, former Chief of Staff.
4. Deana Bass, former Deputy Chief of Staff.
5. Calendars maintained for the Secretary's Conference Room.
6. Calendars maintained for the Deputy Secretary's Conference Room.

Your request is granted in part. The Department has processed 647 pages of the search results for this request and is releasing the pages deemed responsive. I am withholding access codes, cell phone numbers, personal appointments (medical), personal events (graduations, weddings, dinners with friends, baptisms), family member names, birthdates, license plate numbers, and personal email addresses under Exemption 6 of the FOIA, because release of such information would constitute an unwarranted invasion of personal privacy. The interest of the general public in reviewing these portions of government documents does not outweigh the individuals' right to privacy.

The Department is still reviewing records that may be responsive to your request and plans to make rolling releases on a monthly basis until completed. A final response letter will be sent to you at the completion of the review process.

For your information, your FOIA request, including your identity and any information made available, is releasable to the public under subsequent FOIA requests. In responding to these requests, the Department does not release personal information, such as home address, telephone number, or Social Security number, all of which are protected from disclosure under FOIA Exemption 6.

If you have any questions regarding your request, you may contact Eugene McGirt at (202) 402-4315. Thank you for your interest in the Department's programs and policies.

Sincerely,

*Deborah R. Snowden*

The Office of the Chief Human Capital Officer is excited to be hosting our inaugural leadership conference November 14 - 15, 2017 here at Headquarters. This year's event titled Exceptional Leadership Conference: Impacting Organizational Excellence will be opened to the Department's executives, managers, supervisors and aspiring leaders at the GS-12 level and above, in our Headquarters and Field Offices.

The goal of this 2-day event is to provide our current and future leaders with information on and awareness of strategies and concepts that will inspire the workforce to achieve service excellence, innovation and productivity; thereby increasing the opportunities for effective leadership and management at HUD. Achieving this goal supports the Department's ability to meet its mission of creating strong, sustainable communities and quality homes for all. It would be our great honor to have Secretary Carson provide the "Welcome Remarks". The specific date and time for this segment of the event is Tuesday, November 14 at 8:45 am in the Brook-Mondale Auditorium. We realize that the Secretary's schedule is quite busy; therefore, we would also be happy to work with our Broadcast Team to have a 1 to 2- minute videotaped message shown in lieu of his physical presence, if he is unable to join us. It goes without saying that hearing from Secretary Carson would be a highlight for our leaders!

I can be reached on (202) 402-4214 or via email at [mia.s.beckett@hud.gov](mailto:mia.s.beckett@hud.gov) <<mailto:mia.s.beckett@hud.gov>> . You may also contact Nova Smith, Conference Coordinator, at (202) 402-6470 or via email at [novakhneice.smith@hud.gov](mailto:novakhneice.smith@hud.gov) <<mailto:novakhneice.smith@hud.gov>> if you have any questions.

The Hill's Newsmaker Series: The Future of Housing Featuring HUD Secretary Ben Carson [Event 10/25/17] (The Hill)

The Hill <<http://thehill.com/event/353656-the-hills-newsmaker-series-the-future-of-housing-featuring-hud-secretary-ben-carson>> (10/5/2017 9:49 AM, The Hill)

As Texas, Florida and Puerto Rico continue their recovery efforts following a series of particularly devastating hurricanes, The Hill will sit down with HUD Secretary Ben Carson for a conversation on housing needs in hurricane-ravaged regions and the kind of support his department is providing to displaced families.

The discussion will also touch on the department's efforts to strengthen the country's housing market, priorities for the agency and policy initiatives that can make housing affordable for those who need it the most.

Secretary Ben Carson, United States Department of Housing and Urban Development

Bob Cusack, Editor-in-Chief, The Hill

Welcome to HUD! At the end of her ethics briefing today, the Deputy Secretary asked me to set up this meeting. Please feel free to forward this to anyone on her team that you think should be involved.

The purpose of the meeting is to cover how our offices work together to assist the Deputy Secretary.

#### Agenda:

1. An ethics briefing for you in your new roles
2. How the Ethics and Appeals Division works with the Office of Deputy Secretary
3. Additional vetting; identifying litigation, debarment and suspension concerns
4. Coordinating vetting with OSEC—I have included Jacie, Allie, and Abby as optional attendees. We might want to discuss how we avoid duplication of efforts if SOHUD and DepSOHUD are invited to the same events and meetings.

To Whom it May Concern:

My name is (b)(6) and I am a senior at Oral Roberts University. I am majoring in biomedical engineering and am a part of the honors program. As an honors student, I chose to take a leadership course that is part of a list of classes I am required to take. One of the projects that we are asked to complete is to conduct an interview on leadership with someone that you admire. The leadership that Dr. Carson displays and has embodied is something that I truly admire.

It is my passion and desire to go to medical school and become a surgeon; and so, being able to get even 30 minutes of insight from Dr. Carson would be invaluable. I am hoping to use this project as a spring board into my life as a medical student and to deepen my passion and love for the medical field.

I have filled out and attached the event request form to this email.

Thank you for your time.

Much Thanks,

## I. PURPOSE

To learn best practices from the private sector on how to assist prisoners with the difficult task of reentering society, including mentoring during incarceration, vocational education, and job placement post incarceration.

## II. BACKGROUND

There are over six million Americans currently incarcerated in the criminal justice system. Citizens living with a criminal record have difficulty securing vital resources such as housing, education, and

employment post incarceration. This is a critical problem as it prevents former inmates from being productive members of society, as well as increasing the likelihood of reincarceration.

Throughout America there are many groups working on addressing the difficult notion of how to best assist inmates. The Office of American Innovation will bring together leaders in various fields with expertise in mentoring, training and reentry needs to start building a plan of a comprehensive prison reentry initiative.

Hi Jacie,

Thank you for reaching out. It would be an honor to have the Secretary participate in ODEEO's staff meeting. It would be great if the Secretary could make some remarks about his vision for HUD and the EEO program. I could help with drafting the EEO part of his remarks. The meeting is a routine staff meeting and I don't think notifying the press team is needed. At our staff meetings, we often start with a presentation from a guest speaker, followed by questions from the staff. After that, we go around the table to ask the team for updates that they may want to provide. I recommend for this meeting that we begin with the team introducing themselves to the Secretary (name and position). After that, the Secretary could make his remarks and then take a few questions. We are a pretty small group. I expect about 15 people in person and 2 to 3 individuals via VTC. Let me know what is needed for the pre-brief and my team and I will begin working on it right away. I look forward to working with you on this meeting. Thank you very much,

Topic: We're hoping for this meeting to be largely introductory. While it was great to have Secretary Carson at our events, we didn't have much time to sit down and get to know one another. We'd like to discuss NHC's policy agenda <<http://www.nhc.org/policy-agenda>> and

figure out areas of overlap and mutual interest between HUD and NHC. Additionally, we'd like to bring some of our key members to discuss their own organizations, policy agendas, and how they fit under the tent of NHC.

We'd like to hear from Secretary Carson what major initiatives he has planned for the department. For example, we'd like to discuss the recent rule on streamlining of HUD regulations.

The Management Development Program (MDP) facilitates HUD's succession planning efforts by preparing the Office of Housing employees for assumption of future leadership opportunities through a cadre of core and technical training in various areas of skill. Successful completion of the program will provide for a management candidate pool of individuals to serve in leadership positions throughout the Office of Housing.

We would be thrilled if Dr. Carson could come down for a couple of minutes to say congratulations to the 25 participants who were selected to the program, many of whom are field employees and don't get this experience often.

We will be in auditorium C for the rest of the week.

Greetings Ben,

One of the strong impressions I have felt recently is that our church must do a better job in supporting those in high profile positions whose public life is under microscopic scrutiny daily. I can be available on any of the following dates that may fit your schedule to meet in Washington. August 28,29 or 30, September 11,12 or October 18,19 could work for me. Just let me know and I will look forward to meeting and praying together. I appreciate the sacred trust God has given you and am confident that you are in a place of unusual opportunity to make a difference for Christ's kingdom.

May your week be filled with heaven's blessings,

Mark

Greetings-

The Hurricane Briefing with President Trump at FEMA Headquarters is confirmed for 10:00am on August 4, 2017. Please plan to arrive between 8:45am and 9:15am as all guests will need to be escorted into the building to be seated by 9:30am. Once you arrive, please proceed to the lobby guard desk where you will be greeted and escorted to the National Response Coordination Center (NRCC) M-01 Conference Room for principals only.

FEMA HQ is located at 500 C St SW Washington, DC. Drop off location is on C St between 6th and 4th Streets. The only access to C St SW will be from 6th St SW.

Topics: The Hollander Ridge project, a part of the Thompson Settlement Agreement ("TSA"), will result in approximately 90 units of new, deeply affordable family housing in areas of opportunity throughout the city. For this project to move forward we need to begin site acquisition by August 15.

- \* HABC, HUD and the City are all defendants in the litigation and have been working on amendments to the TSA necessary to make this work.
- \* It is absolutely imperative that we receive HUD approval (likely they just need to complete their process) for the development proposal, the amendment to the TSA and the pre development budget by August 15 at the very latest. If that doesn't happen we will not be able to meet a critical deadline set in the amendment to the TSA (to acquire 10 units by year end).
- \* If we don't meet this deadline HABC will be required to pay 7.1 million dollars to the Thompson plaintiffs over the next several years and perhaps more importantly we risk the loss of \$18.8 million in HOPE VI funds awarded to Baltimore in 1996.

Topic: my book has an underlying Christian theme. I'm telling the stories of American heroes who incurred tragedy but overcame through faith in God -- a mother who lost her son and husband to terrorism, a wife who lost her husband on a VA waitlist and many others. Though their ultimate hope is in their faith, they turned out to support the powerful grassroots movement fueled by President Trump and allies like Secretary Carson.

I would just want to talk briefly with the Secretary about the role his faith played during the campaign and hear about some of the men and women he met along the way.

Hi Jacie and Sheila,

We would like to invite Secretary Carson to participate in a forum on Wednesday, July 26th. The House Republican Conference is working in conjunction with the White House and we have initiated a program called "Meet the Cabinet." The purpose is to create a forum for the Cabinet to get to know the House Republican Conference. The conference will take place approximately 9 am. Secretary Carson will have an opportunity to meet with the Speaker and the elected Leadership, relevant committee chairmen, and to address the Republican Conference. Members have been fully engaged and we have received great reviews thus far. We will send the event flow if he is available to make the meeting.

Please don't hesitate to reach out with any questions.

Best,

Gabriella Uli

We at the Atlantic Council's Adrienne Arsht Center for Resilience invite you to join us for a special preview screening of the film Dunkirk on July 19, 2017, beginning at 6:30 pm. The screening is at the Lockheed Martin IMAX Theater at the Smithsonian's Air and Space Museum, located at 600 Independence Avenue, SW. The evening will include a reception, a viewing of the film, and a keynote conversation with acclaimed director, Chris Nolan, moderated by CNN's Chief Washington Correspondent, Jake Tapper.

The film tells the story of the remarkable resilience of the Allied forces, who, in May 1940, skillfully evacuated 400,000 troops from the beaches of Dunkirk, France, where they were under siege from the advancing German army. Military as well as civilian vessels were used to secure the safe return of the Allied forces, many of whom went on to fight for their countries for the duration of the war. This remarkable story demonstrates the values and spirit the Adrienne Arsht Center for Resilience works to foster through smart, proactive policy-making.

The Atlantic Council established the Adrienne Arsht Center for Resilience to address the challenges we face today. The Center puts forth approaches that promote the abilities of nations, cities, communities, and individuals to respond effectively to disruptions and to understand and manage complex interdependent systems, and thrive in today's unpredictable global environment. The Center aims to be a leading advocate for integrating resilience-oriented policy into all levels of society.

We are delighted to join with Warner Bros., Smithsonian Theaters, and The Iraq and Afghanistan Veterans of America for the evening. Please find the official invitation attached and note this is non-transferable. Please RSVP to [apaul@atlanticcouncil.org](mailto:apaul@atlanticcouncil.org) <<mailto:apaul@atlanticcouncil.org>> . Hey Sheila- Hope you are doing well. I am forwarding a letter that was sent last month from my boss to Secretary Carson relating to a commission on serious mental illness which was established under the 21st Century Cures Act passed late last year. Cures requires the HUD's participation. The Secretary's letter requests HUD to designate the official that will participate in Commission meetings. We anticipate that the first meeting of the Commission will take place in August. Secretary Price would greatly appreciate Secretary Carson's participation in at least the inaugural kickoff meeting. Let me know if you need any additional information. You can send the Secretary's response directly to Mary Sumpter whom I have copied on this email.

In total, the project will build 3.2 million square feet creating approximately 1,700 to 1,800 units of housing through four phases of construction. This includes approximately 293 units of rental housing and 1,200 units of residential homeownership, of which 321 will be town homes. Additionally, the project will involve the development of approximately 100,000-200,000 square feet of commercial space to be located on the block between N. Schroeder and N. Amity Streets, extending from W. Baltimore to W. Lexington Street, and the creation of parking, municipal services, and green space. The development will also include, hotels, a large shopping center, and office space.

The housing units generated by Center\West will consist of 20 percent affordable housing, with the remaining 80 percent being sold or rented at market rate.

Annie,

During our meeting with the Secretary, he inquired about what  
international work he may be involved with in the future. Could we  
get on his calendar for about 30 minutes to give him a quick  
overview? It would be Matt Ammon and myself providing the brief.

Secretary Kelly, as the principal federal official for domestic incident management, invites your Department or Agency head to participate in a Federal Emergency Management Agency (FEMA) led

Hurricane Season Preparedness seminar and exercise. The exercise will be held on June 12, 2017 from 2:00pm to 3:30pm at FEMA's National Response Coordination Center (NRCC) in Washington, DC. A formal invitation and exercise package with the necessary logistics and prep materials will follow in the next few days. The full list of invited agencies and entities is provided at the bottom of this email.

Your Department has responsibilities under Federal response doctrine and articulated further in the National Response Framework (NRF) during a declared disaster or other major emergency. It is important that you understand your Department's roles and we hope that your principal can participate. DHS and FEMA have designed the seminar as a no fault, learning experience presented in a "table top exercise" format.

Background: Your Department or Agency is designated as an NRF Emergency Support Function (ESF) Coordinator, Primary, or Support Agency. ESFs are the functions needed to provide Federal support for disasters and emergencies and designate the following member roles:

- ESG Coordinating Agency - responsible for managing a particular ESF.
- ESF Primary Agency - providing significant authorities, roles, resources or capabilities for a particular function within an ESF.
- ESF Support Agency - providing specific capabilities or resources that support the primary agency in executing an ESF.

Please note that an agency may be a Coordinator, Primary Agency, or Supporting Agency for more than one ESF.

Seminar Logistics:

- RSVP: Please RSVP to Chad Gorman, Director of the FEMA National Exercise Division at (202) 646-4683 or via email at [nep@fema.dhs.gov](mailto:nep@fema.dhs.gov) <<mailto:nep@fema.dhs.gov>> by May 26, 2017.
- Location: National Response Coordination Center, FEMA Headquarters, 500 C St., SW, Washington, DC 20472
- Date and Time: June 12, 2017, 2:00 PM to 3:30PM.

If you have any questions, please don't hesitate to contact me.

Thank you,

Subject: Canceled: CALL with Mayor Catherine Pugh

End: Tue 8/1/2017 11:00 AM

Optional Attendees: Mills, Allison F

Allie will dial in the conference line.

Topics: The Hollander Ridge project, a part of the Thompson Settlement Agreement ("TSA"), will result in approximately 90 units of new, deeply affordable family housing in areas of opportunity throughout the city. For this project to move forward we need to begin site acquisition by August 15.

\* HABC, HUD and the City are all defendants in the litigation and have been working on amendments to the TSA necessary to make this work.

\* It is absolutely imperative that we receive HUD approval (likely they just need to complete their process) for the development proposal, the amendment to the TSA and the pre development budget by August 15 at the very latest. If that doesn't happen we will not be able to meet a critical deadline set in the amendment to the TSA (to acquire 10 units by year end).

\* If we don't meet this deadline HABC will be required to pay 7.1 million dollars to the Thompson plaintiffs over the next several years and perhaps more importantly we risk the loss of \$18.8 million in HOPE VI funds awarded to Baltimore in 1996.

Subject: Request from Secretary Price

Hey Sheila- Hope you are doing well. I am forwarding a letter that was sent last month from my boss to Secretary Carson relating to a commission on serious mental illness which was established under the 21st Century Cures Act passed late last year. Cures requires the HUD's participation. The Secretary's letter requests HUD to designate the official that will participate in Commission meetings. We anticipate that the first meeting of the Commission will take place in August. Secretary Price would greatly appreciate Secretary Carson's participation in at least the inaugural kickoff meeting. Let me know if you need any additional information. You can send the Secretary's response directly to Mary Sumpter whom I have copied on this email.

The Management Development Program (MDP) facilitates HUD's succession planning efforts by preparing the Office of Housing employees for assumption of future leadership opportunities through a cadre of core and technical training in various areas of skill. Successful completion of the program will provide for a management candidate pool of individuals to serve in leadership positions throughout the Office of Housing.

We would be thrilled if Dr. Carson could come down for a couple of minutes to say congratulations to the 25 participants who were selected to the program, many of whom are field employees and don't get this experience often.

We will be in auditorium C for the rest of the week.

The Management Development Program (MDP) facilitates HUD's succession planning efforts by preparing the Office of Housing employees for assumption of future leadership opportunities through a cadre of core and technical training in various areas of skill. Successful completion of the program will provide for a management candidate pool of individuals to serve in leadership positions throughout the Office of Housing.

We would be thrilled if Dr. Carson could come down for a couple of minutes to say congratulations to the 25 participants who were selected to the program, many of whom are field employees and don't get this experience often.

We will be in auditorium C for the rest of the week.

Allie will dial in the conference line.

Topics: The Hollander Ridge project, a part of the Thompson Settlement Agreement ("TSA"), will result in approximately 90 units of new, deeply affordable family housing in areas of opportunity throughout the city. For this project to move forward we need to begin site acquisition by August 15.

- \* HABC, HUD and the City are all defendants in the litigation and have been working on amendments to the TSA necessary to make this work.
- \* It is absolutely imperative that we receive HUD approval (likely they just need to complete their process) for the development proposal, the amendment to the TSA and the pre development budget by August 15 at the very latest. If that doesn't happen we will not be able to meet a critical deadline set in the amendment to the TSA (to acquire 10 units by year end).
- \* If we don't meet this deadline HABC will be required to pay 7.1 million dollars to the Thompson plaintiffs over the next several years and perhaps more importantly we risk the loss of \$18.8 million in HOPE VI funds awarded to Baltimore in 1996.

The FOIA request is currently the subject of litigation you filed in U.S. District Court for the District of Columbia, *American Oversight v. U.S. Department of Commerce, et al.*, Civil Action No. 18-0534. You asked for copies of all calendars or calendar entries for any of the following individuals employed by the Department of Housing and Urban Development between the date of January 20, 2017, to the date a search is conducted, including any calendars maintained on behalf of these individuals (e.g., by an administrative assistant or a scheduler):

1. Secretary Ben Carson.
2. Pamela Hughes Patenaude, Deputy Secretary.
3. Sheila Greenwood, former Chief of Staff.
4. Deana Bass, former Deputy Chief of Staff.
5. Calendars maintained for the Secretary's Conference Room.
6. Calendars maintained for the Deputy Secretary's Conference Room.

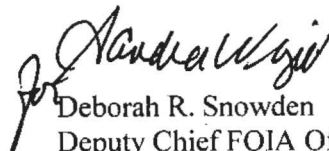

Your request is granted in part. In a letter dated August 10, 2018, you were informed the Department had processed 647 pages of the search results for this request. In a letter dated September 11, 2018, you were informed the Department had processed 1,016 additional pages (released 1,014 pages on that date). The Department has processed an additional 894 pages of the search results for this third interim release. This release includes the calendar entries of Jacie Coressel, Director of Scheduling in the Office of the Secretary. The Department is withholding access codes, cell phone numbers, personal appointments (medical), personal events (weddings, baptisms, dinners with friends), homeowner and family member names, home addresses, frequent flyer numbers, and personal email addresses under Exemption 6 of the FOIA, because release of such information would constitute an unwarranted invasion of personal privacy. The interest of the general public in reviewing these portions of government documents does not outweigh the individuals' right to privacy.

The Department is still reviewing records that may be responsive to your request and plans to make rolling releases on a monthly basis until completed. A final response letter will be sent to you at the completion of the review process.

For your information, your FOIA request, including your identity and any information made available, is releasable to the public under subsequent FOIA requests. In responding to these requests, the Department does not release personal information, such as home address, telephone number, or Social Security number, all of which are protected from disclosure under FOIA Exemption 6.

If you have any questions regarding your request, you may contact Eugene McGirt at (202) 402-4315. Thank you for your interest in the Department's programs and policies.

Sincerely,

Deborah R. Snowden  
Deputy Chief FOIA Officer  
Office of the Executive Secretariat

The Hill's Newsmaker Series: The Future of Housing Featuring HUD  
Secretary Ben Carson [Event 10/25/17] (The Hill)

The Hill <<http://thehill.com/event/353656-the-hills-newsmaker-series-the-future-of-housing-featuring-hud-secretary-ben-carson>>  
(10/5/2017 9:49 AM, The Hill)

As Texas, Florida and Puerto Rico continue their recovery efforts following a series of particularly devastating hurricanes, The Hill will sit down with HUD Secretary Ben Carson for a conversation on housing needs in hurricane-ravaged regions and the kind of support his department is providing to displaced families.

The discussion will also touch on the department's efforts to strengthen the country's housing market, priorities for the agency and policy initiatives that can make housing affordable for those who need it the most.

Secretary Ben Carson, United States Department of Housing and Urban  
Development

To Whom it May Concern:

My name is (b)(6) and I am a senior at Oral Roberts University. I am majoring in biomedical engineering and am a part of the honors program. As an honors student, I chose to take a leadership course that is part of a list of classes I am required to take. One of the projects that we are asked to complete is to conduct an interview on leadership with someone that you admire. The leadership that Dr. Carson displays and has embodied is something that I truly admire.

It is my passion and desire to go to medical school and become a surgeon; and so, being able to get even 30 minutes of insight from Dr. Carson would be invaluable. I am hoping to use this project as a spring board into my life as a medical student and to deepen my passion and love for the medical field.

I have filled out and attached the event request form to this email.

Thank you for your time.

Much Thanks,

(b)(6)

The leadership that Dr. Carson displays and has embodied is something that I truly admire.

It is my passion and desire to go to medical school and become a surgeon; and so, being able to get even 30 minutes of insight from Dr. Carson would be invaluable. I am hoping to use this project as a spring board into my life as a medical student and to deepen my passion and love for the medical field.

I have filled out and attached the event request form to this email.

Thank you for your time.

Much Thanks,

Welcome to HUD! At the end of her ethics briefing today, the Deputy Secretary asked me to set up this meeting. Please feel free to forward this to anyone on her team that you think should be involved.

The purpose of the meeting is to cover how our offices work together to assist the Deputy Secretary.

Agenda:

1. An ethics briefing for you in your new roles
2. How the Ethics and Appeals Division works with the Office of Deputy Secretary
3. Additional vetting; identifying litigation, debarment and suspension concerns
4. Coordinating vetting with OSEC—I have included Jacie, Allie, and Abby as optional attendees. We might want to discuss how we avoid duplication of efforts if SOHUD and DepSOHUD are invited to the same events and meetings.

To Whom it May Concern:

My name is (b)(6), and I am a senior at Oral Roberts University. I am majoring in biomedical engineering and am a part of the honors program. As an honors student, I chose to take a leadership course that is part of a list of classes I am required to take. One of the projects that we are asked to complete is to conduct an interview on leadership with someone that you admire. The leadership that Dr. Carson displays and has embodied is something that I truly admire.

It is my passion and desire to go to medical school and become a surgeon; and so, being able to get even 30 minutes of insight from Dr. Carson would be invaluable. I am hoping to use this project as a spring board into my life as a medical student and to deepen my passion and love for the medical field.

I have filled out and attached the event request form to this email.

Thank you for your time.

Much Thanks,

(b)(6)

The Hill's Newsmaker Series: The Future of Housing Featuring HUD Secretary Ben Carson [Event 10/25/17] (The Hill)

The Hill <<http://thehill.com/event/353656-the-hills-newsmaker-series-the-future-of-housing-featuring-hud-secretary-ben-carson>> (10/5/2017 9:49 AM, The Hill)

As Texas, Florida and Puerto Rico continue their recovery efforts following a series of particularly devastating hurricanes, The Hill will sit down with HUD Secretary Ben Carson for a conversation on housing needs in hurricane-ravaged regions and the kind of support his department is providing to displaced families.

The discussion will also touch on the department's efforts to strengthen the country's housing market, priorities for the agency and policy initiatives that can make housing affordable for those who need it the most.

To Whom it May Concern:

My name is (b)(6) and I am a senior at Oral Roberts University. I am majoring in biomedical engineering and am a part of the honors program. As an honors student, I chose to take a leadership course that is part of a list of classes I am required to take. One of the projects that we are asked to complete is to conduct an interview on leadership with someone that you admire. The leadership that Dr. Carson displays and has embodied is something that I truly admire.

It is my passion and desire to go to medical school and become a surgeon; and so, being able to get even 30 minutes of insight from Dr. Carson would be invaluable. I am hoping to use this project as a spring board into my life as a medical student and to deepen my passion and love for the medical field.

I have filled out and attached the event request form to this email.

Thank you for your time.

Much Thanks,

(b)(6)

To Whom it May Concern:

My name is (b)(6) and I am a senior at Oral Roberts University. I am majoring in biomedical engineering and am a part of the honors program. As an honors student, I chose to take a leadership course that is part of a list of classes I am required to take. One of the projects that we are asked to complete is to conduct an interview on leadership with someone that you admire. The leadership that Dr. Carson displays and has embodied is something that I truly admire.

It is my passion and desire to go to medical school and become a surgeon; and so, being able to get even 30 minutes of insight from Dr. Carson would be invaluable. I am hoping to use this project as a spring board into my life as a medical student and to deepen my passion and love for the medical field.

I have filled out and attached the event request form to this email.

Thank you for your time.

Much Thanks,

(b)(6)

Hi Jacie,

Thank you for reaching out. It would be an honor to have the Secretary participate in ODEEO's staff meeting. It would be great if the Secretary could make some remarks about his vision for HUD and the EEO program. I could help with drafting the EEO part of his remarks. The meeting is a routine staff meeting and I don't think notifying the press team is needed. At our staff meetings, we often start with a presentation from a guest speaker, followed by questions from the staff. After that, we go around the table to ask the team for updates that they may want to provide. I recommend for this meeting that we begin with the team introducing themselves to the Secretary (name and position). After that, the Secretary could make his remarks and then take a few questions. We are a pretty small group. I expect about 15 people in person and 2 to 3 individuals via VTC. Let me know what is needed for the pre-brief and my team and I will begin working on it right away. I look forward to working with you on this meeting. Thank you very much, John Benison

Topics: The Hollander Ridge project, a part of the Thompson Settlement Agreement ("TSA"), will result in approximately 90 units of new, deeply affordable family housing in areas of opportunity throughout the city. For this project to move forward we need to begin site acquisition by August 15.

- \* HABC, HUD and the City are all defendants in the litigation and have been working on amendments to the TSA necessary to make this work.
- \* It is absolutely imperative that we receive HUD approval (likely they just need to complete their process) for the development proposal, the amendment to the TSA and the pre development budget by August 15 at the very latest. If that doesn't happen we will not be able to meet a critical deadline set in the amendment to the TSA (to acquire 10 units by year end).
- \* If we don't meet this deadline HABC will be required to pay 7.1 million dollars to the Thompson plaintiffs over the next several years and perhaps more importantly we risk the loss of \$18.8 million in HOPE VI funds awarded to Baltimore in 1996.

Topics: The Hollander Ridge project, a part of the Thompson Settlement Agreement ("TSA"), will result in approximately 90 units of new, deeply affordable family housing in areas of opportunity throughout the city. For this project to move forward we need to begin site acquisition by August 15.

\* HABC, HUD and the City are all defendants in the litigation and have been working on amendments to the TSA necessary to make this work.

\* It is absolutely imperative that we receive HUD approval (likely they just need to complete their process) for the development proposal, the amendment to the TSA and the pre development budget by August 15 at the very latest. If that doesn't happen we will not be able to meet a critical deadline set in the amendment to the TSA (to acquire 10 units by year end).

\* If we don't meet this deadline HABC will be required to pay 7.1 million dollars to the Thompson plaintiffs over the next several years and perhaps more importantly we risk the loss of \$18.8 million in HOPE VI funds awarded to Baltimore in 1996.

Topic: my book has an underlying Christian theme. I'm telling the stories of American heroes who incurred tragedy but overcame through faith in God -- a mother who lost her son and husband to terrorism, a wife who lost her husband on a VA waitlist and many others. Though their ultimate hope is in their faith, they turned out to support the powerful grassroots movement fueled by President Trump and allies like Secretary Carson.

I would just want to talk briefly with the Secretary about the role his faith played during the campaign and hear about some of the men and women he met along the way.

Hi Jacie and Sheila,

We would like to invite Secretary Carson to participate in a forum on Wednesday, July 26th. The House Republican Conference is working in conjunction with the White House and we have initiated a program

called "Meet the Cabinet." The purpose is to create a forum for the Cabinet to get to know the House Republican Conference. The conference will take place approximately 9 am. Secretary Carson will have an opportunity to meet with the Speaker and the elected leadership, relevant committee chairmen, and to address the Republican Conference. Members have been fully engaged and we have received great reviews thus far. We will send the event flow if he is available to make the meeting.

Please don't hesitate to reach out with any questions.

We at the Atlantic Council's Adrienne Arsht Center for Resilience invite you to join us for a special preview screening of the film Dunkirk on July 19, 2017, beginning at 6:30 pm. The screening is at the Lockheed Martin IMAX Theater at the Smithsonian's Air and Space Museum, located at 600 Independence Avenue, SW. The evening will include a reception, a viewing of the film, and a keynote conversation with acclaimed director, Chris Nolan, moderated by CNN's Chief Washington Correspondent, Jake Tapper.

The film tells the story of the remarkable resilience of the Allied forces, who, in May 1940, skillfully evacuated 400,000 troops from the beaches of Dunkirk, France, where they were under siege from the advancing German army. Military as well as civilian vessels were used to secure the safe return of the Allied forces, many of whom went on to fight for their countries for the duration of the war. This remarkable story demonstrates the values and spirit the Adrienne Arsht Center for Resilience works to foster through smart, proactive policy-making.

The Atlantic Council established the Adrienne Arsht Center for Resilience to address the challenges we face today. The Center puts forth approaches that promote the abilities of nations, cities, communities, and individuals to respond effectively to disruptions and to understand and manage complex interdependent systems, and thrive in today's unpredictable global environment. The Center aims to be a leading advocate for integrating resilience-oriented policy into all levels of society.

We are delighted to join with Warner Bros., Smithsonian Theaters, and The Iraq and Afghanistan Veterans of America for the evening. Please find the official invitation attached and note this is non-transferable. Please RSVP to [apaul@atlanticcouncil.org](mailto:apaul@atlanticcouncil.org) <<mailto:apaul@atlanticcouncil.org>> . Hello Jacie,

Per your request. I have set up a calendar invite for Thursday June 22, in regards to training on the VTC/Multimedia equipment in the Secretary Conference Room.

Please feel free to add anyone else that you think should be on this invite. I know Mason had mentioned some other names of folks that he felt should attend.

I was not able to find Alison Mills' name in the address book. So, if you could let her know about the training when she starts Monday; that would be great!

Also, let me know if this time fits in your schedule.

Regards!

Ray Smith

UCHCO Leadership Journey Series: David Eagles

Each of HUD's Senior Leaders has their own individual story of how they journeyed to become the leaders they are today. Some have travelled many miles, while others began their journey just down the street. Regardless, their journey has brought them to HUD to serve and lead us into the future.

Please join OCHCO for our next conversation in the Leadership Journey Series, when we talk with David Eagles, Chief Operating Officer, about his journey to become a HUD Leader.

Jacie will dial in the conference line.

Topics: The Hollander Ridge project, a part of the Thompson Settlement Agreement ("TSA"), will result in approximately 90 units of new, deeply affordable family housing in areas of opportunity throughout the city. For this project to move forward we need to begin site acquisition by August 15.

- \* HABC, HUD and the City are all defendants in the litigation and have been working on amendments to the TSA necessary to make this work.
- \* It is absolutely imperative that we receive HUD approval (likely they just need to complete their process) for the development proposal, the amendment to the TSA and the pre development budget by August 15 at the very latest. If that doesn't happen we will not be able to meet a critical deadline set in the amendment to the TSA (to acquire 10 units by year end).
- \* If we don't meet this deadline HABC will be required to pay 7.1 million dollars to the Thompson plaintiffs over the next several years and perhaps more importantly we risk the loss of \$18.8 million in HOPE VI funds awarded to Baltimore in 1996.

OCHCO Leadership Journey Series: Calvin Johnson

Each of HUD's Senior Leaders has their own individual story of how they journeyed to become the leaders they are today. Some have travelled many miles, while others began their journey just down the street. Regardless, their journey has brought them to HUD to serve and lead us into the future.

Please join OCHCO for our next conversation in the Leadership Journey Series, when we talk with Calvin Johnson, Deputy Assistant Secretary, PD & R, about his journey to become a HUD Leader.

Each of HUD's Senior Leaders has their own individual story of how they journeyed to become the leaders they are today. Some have travelled many miles, while others began their journey just down the street. Regardless, their journey has brought them to HUD to serve and lead us into the future.

Please join OCHCO for our next conversation in the Leadership Journey Series, when we talk with

Clifford Taffet, General Deputy Assistant Secretary for Community Planning and Development, about his journey to become a HUD Leader.

Senator Grassley will introduce Secretary Carson.

There will be a podium and microphone at the front of the room (this is really set up as a reception so we don't have many speaking parts during this event).

It is a standing reception with a few low cocktail tables. There is a buffet table set up too.

Thanks everyone! This is great!

Lauren can help with the walk through at the Watergate.

We are totally open on topic. Wealth creation and ownership might be a good topic...our members believe deeply in ownership as a way to pull people out of poverty.

We simply want to give you a good friendly forum for any topic to advance your agenda. I'm happy to discuss or answer specific questions you guys might have about our membership.

Our initial request letter has good background. Lauren can resend if that helps.

We do not have specific HUD programs that we focus on.

I'm about to board a flight back to D.C. from the west coast. Back late this eve.

Hello Jacie,

Per your request. I have set up a calendar invite for Thursday June 22, in regards to training on the VTC/Multimedia equipment in the Secretary Conference Room.

Please feel free to add anyone else that you think should be on this invite. I know Mason had mentioned some other names of folks that he felt should attend.

I was not able to find Alison Mills' name in the address book. So, if you could let her know about the training when she starts Monday; that would be great!

Also, let me know if this time fits in your schedule.

Regards!

Ray Smith

Senator Grassley will introduce Secretary Carson.

There will be a podium and microphone at the front of the room (this is really set up as a reception so we don't have many speaking parts during this event).

It is a standing reception with a few low cocktail tables. There is a buffet table set up too.

Thanks everyone! This is great!

Lauren can help with the walk through at the Watergate.

We are totally open on topic. Wealth creation and ownership might be a good topic...our members believe deeply in ownership as a way to pull people out of poverty.

We simply want to give you a good friendly forum for any topic to advance your agenda. I'm happy to discuss or answer specific questions you guys might have about our membership.

Our initial request letter has good background. Lauren can resend if that helps.

We do not have specific HUD programs that we focus on.

I'm about to board a flight back to D.C. from the west coast. Back late this eve.

Allie will dial in the conference line.

Topics: The Hollander Ridge project, a part of the Thompson Settlement Agreement ("TSA"), will result in approximately 90 units of new, deeply affordable family housing in areas of opportunity throughout the city. For this project to move forward we need to begin site acquisition by August 15.

- \* HABC, HUD and the City are all defendants in the litigation and have been working on amendments to the TSA necessary to make this work.
- \* It is absolutely imperative that we receive HUD approval (likely they just need to complete their process) for the development proposal, the amendment to the TSA and the pre development budget by August 15 at the very latest. If that doesn't happen we will not be able to meet a critical deadline set in the amendment to the TSA (to acquire 10 units by year end).
- \* If we don't meet this deadline HABC will be required to pay 7.1 million dollars to the Thompson plaintiffs over the next several years and perhaps more importantly we risk the loss of \$18.8 million in HOPE VI funds awarded to Baltimore in 1996.

Allie will dial in the conference line.

Topics: The Hollander Ridge project, a part of the Thompson Settlement Agreement ("TSA"), will result in approximately 90 units of new, deeply affordable family housing in areas of opportunity throughout the city. For this project to move forward we need to begin site acquisition by August 15.

- \* HABC, HUD and the City are all defendants in the litigation and have been working on amendments to the TSA necessary to make this work.
- \* It is absolutely imperative that we receive HUD approval (likely they just need to complete their process) for the development proposal, the amendment to the TSA and the pre development budget by August 15 at the very latest. If that doesn't happen we will not be able to meet a critical deadline set in the amendment to the TSA (to acquire 10 units by year end).
- \* If we don't meet this deadline HABC will be required to pay 7.1 million dollars to the Thompson plaintiffs over the next

several years and perhaps more importantly we risk the loss of \$18.8 million in HOPE VI funds awarded to Baltimore in 1996.

Subject: Request from Secretary Price

Hey Sheila- Hope you are doing well. I am forwarding a letter  
that was sent last month from my boss to Secretary Carson relating  
to a commission on serious mental illness which was established

under the 21st Century Cures Act passed late last year. Cures requires the HUD's participation. The Secretary's letter requests HUD to designate the official that will participate in Commission meetings. We anticipate that the first meeting of the Commission will take place in August. Secretary Price would greatly appreciate Secretary Carson's participation in at least the inaugural kickoff meeting. Let me know if you need any additional information. You can send the Secretary's response directly to Mary Sumpter whom I have copied on this email.

Topic: my book has an underlying Christian theme. I'm telling the stories of American heroes who incurred tragedy but overcame through faith in God -- a mother who lost her son and husband to terrorism, a wife who lost her husband on a VA waitlist and many others. Though their ultimate hope is in their faith, they turned out to support the powerful grassroots movement fueled by President Trump and allies like Secretary Carson.

I would just want to talk briefly with the Secretary about the role his faith played during the campaign and hear about some of the men and women he met along the way.

FOCUS OF INTERVIEWS: July will be themed Made In America Month and our push for tax reform will be the primary topic. We'd like to take these messages directly to the heartland of the country through radio and local TV. We'll have the outlets focus on tax reform and ask them to describe what your agency has done to Make America Great Again in the past 6 months of the administration.
